Technical Skills

Front-End / Frameworks: JavaScript, React, jQuery, HTML5, CSS3, SASS, Bootstrap

Back-End/ Databases: Ruby on Rails, Node.js, Express, PostgreSQL

Testing: Cypress.io, Rails Tests

Dev Tools / Deployment: Git, npm, Webpack, Babel, Docker, Ubuntu, NGINX

Development Experience

Quoth | React, Cypress.io

2019

A single page application for saving, editing, deleting, and viewing a user's favorite quotes.

- Used hooks to manage all states of the application.
- Enabled users to post, view, update, and delete quotes via an API using JSON.
- Implemented sorting quotes New to Old, Old to New, Author A-Z, Author Z-A, search, and pagination.
- Wrote end to end tests with Cypress.io.

Grunt.Social | Ubuntu, NGINX, Unicorn, Ruby on Rails, PostgreSQL, JavaScript

2017

A micro-microposting platform that limits posts to 14 characters. <https://grunt.social>

- Designed and implemented a user-friendly GUI for mobile and desktop.
- Implemented CRUD routes to add and delete posts, and follow/unfollow other users.
- Created a user registration and login system with hashed and salted passwords using Bcrypt.
- Set up relational databases for user posts and user follows with PostgreSQL.
- Wrote unit tests for every feature of the application.
- Deployed to a self-configured Ubuntu VPS using Capistrano, the Unicorn server gem, and NGINX.

Computer Science Problems | C++

2017

Fun exercises in solving puzzles.

- John Conway's Game of Life, The Monty Hall Problem, The Tower of Hanoi

quiet Online | WordPress, MySQL, JavaScript

2010-2014

A self-hosted WordPress website for the non-profit multi-disciplinary arts community "quiet".

- Created and maintained a schedule of events filtered by project type (Theatre, Showcases, Workshops).
- Designed page templates for various types of artistic projects including plays and arts journals.

Flagstaff Green Room | WordPress, MySQL, JavaScript

2008

A self-hosted WordPress website for the concert venue and bar "The Green Room" in Flagstaff, AZ.

- Built the website from a design made in Photoshop by their graphic artist.
 - Implemented a schedule of events based on posts made by the bar owners.
 - Created a page that documented all of the beers they currently served on tap.
-

Additional Experience

Market Magic Shop in the Pike Place Market | Manager, Sales

2010-Current

- Maintain business systems, implement upgrades, and train staff in their use.
 - Develop and maintain the shop's online store on the Shopify platform.
 - Receive, package, and ship online and phone-based orders.
 - Order, demonstrate, and sell magic tricks in a fast-paced retail environment.
-

Miscellaneous Skills

- Adobe: Photoshop, Premiere Pro, After Effects; Point of Sale, Card and Close-Up Magic, YoYo, Ukulele.
-

Education

Northern Arizona University, Flagstaff, AZ Bachelor of Science in Theatre

2010
